

## Important News for Maintenance Departments

Don't let your plant get caught with an unplanned outage. Unplanned outages, due to equipment failure and malfunction can cost your operation precious time and money. Avoid costly and frustrating downtime by planning ahead and stocking used spares. TDI has an extensive surplus of maintenance equipment including Motors, Brakes, Controls and Limit Switches in the most popular brands and sizes. Stocking used, surplus equipment can offer a savings of 40-60% in comparison to buying new. TDI will provide equipment according to your selection of either "As Is, Electrically OK" or "Re-manufactured & Guaranteed" (with a two year warranty).

<b>MOTORS</b>	<b>BRAKES</b>	<b>LIMIT SWITCHES</b>	<b>CRANE CONTROLS</b>
Westinghouse General Electric MC & MD 600—800 Series	All Manufacturers 8" 10" 13" 16" 19" 23" 30"	Cutler Hammer Square D Hubbell #5, #10 #20	Cutler Hammer Square D  Nema 3, 4, 5, 6, 7 & 8

## Let TDI Help You

TDI has several ways to assist you in your search for replacement equipment and parts. To get a general idea of what we stock on hand, visit [www.tdigrp.com](http://www.tdigrp.com) and type in the name of the equipment or part (ex. MC600 Motor) and a list of stocked items will appear. Since our inventory changes from day to day, a quick phone call to our Electrical Sales Manager will identify equipment or parts that may not be listed on the website. Want TDI to do the work for you? That is not a problem. TDI can arrange for one of our knowledgeable shop representatives to visit your facility, help evaluate your equipment and identify spares that you will need immediately or in the near future. To arrange for an equipment evaluation, call TDI and we will set up an appointment, at your convenience, with one of our shop staff.
