

Equipment Specifications

Product: 63697-S

Product Description: .015" - .060" x 72" Processing Line Equipment

Product Manufacturer: Barco

Quantity:

Product Specifications:

Manufacture: Barco

Year of Mfg. 1985

material:

Carbon Steel

Material Width 26" - 72"

Material Thickness: .015" - .080" Ma.

Consisting of:

Entry Pinch Roll Unit

Mechanical Flying Shear

Pass Line 57-1/2"

Original Line Speed 650 FPM

Drawing and Photographs available upon request
