

## Equipment Specifications

**Product:** 64345

**Product Description:** 3218 HP/2400 KW, 520/1000 RPM750 VDC Mill Drive Motor

**Product Manufacturer:** Simec

**Quantity:** 2

**Product Specifications:**

HP 3200 (2400 KW)

RPM 500/1200

Voltage 750

Current DC

Frame XP800 KL8 CBA/B3

Winding Stab Shunt

Field Voltage 220

Field Amps 25.75/10.75

Bearing Roller

Enclosure Blower Ventilated

Double Extended Shaft

Est Weight 41,000 Lbs Approx.

**Features:** Simec Motori, XP series Machines dual commutator, DC drive motors previous installed rod finishing block application

**Comments:** Taken from service, in good operating condition. Previous application: High Speed Finishing Rod Block
